

Government College of Education, Yavatmal

Energy Policy Document

The environment and energy usage policy of Government college of Education, Yavatmal is to manage energy in such a systematic way so as to minimize its impact on the environment. This environment and energy policy is binding for all the components of the institution and applies to all its stakeholders and to the various activities undertaken by the institution. It will help us to embed efficiency and environment awareness into our everyday activities, thus helping us to realize our responsibilities and commitment to conservation of natural resources and to limit its usage.

Policies: - To assess our energy usage and measure its impact on the environment.

- To develop systematic waste management mechanism.
- To develop rain water harvesting unit.
- To undertake tree plantation drive.
- To take additional measure to continuously improve our energy consumption.
- To ensure the availability of necessary resources to achieve our objectives.
- To monitor and respond to emerging environmental and energy issues.
- To strengthen our employees and student environmental knowledge and skill in order to improve our own environmental performance.
