### **Field visit Report at Oxygen Park**

Government College of Education 2018-19 2<sup>nd</sup> year session IV semester visited oxygen park at Yavatmal on 2<sup>nd</sup> March 2019 under P-408 Environment Project .Before that, trainees had completed a survey about noise pollution, water pollution , air pollution in their respective areas. Yavatmal is a hilly town surrounded by dense forests. Free from all kinds of pollution .Due to its clean and beautiful environment and cool weather, even the pre-independence British Officers were attracted to this Yavatmal has become bare due to forest felling. The temperature going up 46-47 degree is the result of deforestation in the area around Yavatmal town. Oxygen Park has been constructed outside the city keeping in mind the need of the city and the demand of the public against the backdrop of deforestation, water issues, air pollution, noise pollution related to Yavatmal City. After visiting this place, the students observed the locality and the reservoir there. The reason for the creation of Oxygen Park was discussed with the concerned authorities .After completing the study tour of Oxygen Park which is still under the construction., the student visited Mandev ,a scenic place, and enjoyed lunch and dinner .Students submitted the field visit report of Oxygen Park Students. All student and professors to success the field.
